

MINO-483 Northland State Highways Update

6 October 2022

Provide updates on various sections of the State Highway network in Northland for the Prime Minister's visit.

Waka Kotahi NZ Transport Agency's response:

The two sites Broadwood, Hokianga and Wiroa Road near Kerikeri cemetery are Far North North District roads.

From the list you have provided, the following are state highways which are maintained by Waka Kotahi. Highlighted are completed works (from the 2021/22 construction season) together with planned work for this construction season 22/23.

- SH1 – Turntable: Waka Kotahi completed a reseal last construction season at the top of Turntable Hill. Maintenance teams are carrying out heavy maintenance at present in preparation for a sealing this year at the bottom of Turntable Hill.
- SH1 Morewa: Waka Kotahi completed a reseal along the central section of this highway last construction season. Waka Kotahi teams will be carrying out pre-works prior to a reseal to address the last of the scabbing through the Morewa Township.
- SH1 Pakaraka: Resealing of this section of highway was completed last construction season.

Includes the Kawakawa to Whangarei length:

- SH1 Towai to Waiomio: A number of reseal sites have been completed; however, Waka Kotahi has a seal a renewal from the pub to the gas station.
- SH1 south Hukerenui and the Maromaku turnoff: Works were completed last season. Waka Kotahi does have a renewal site planned, south of Akerama.
- SH1 South Hikurangi: Pavement levelling has been completed and Waka Kotahi will be carrying out heavy maintenance to stabilise areas as soon as the weather improves.
- Over the above sites along this section of highway, Waka Kotahi has eight sites where works are being carried out, two renewals and six sealing.
- The two-level crossing at Towai and Waiotu will be addressed by Kiwirail in the next couple of weeks.
- The intersection of SH1 and SH15 between Okaihau and Ohaeawai: Waka Kotahi will be renewing this year and will be carrying out resealing work on SH15.
- SH11 after Lemons Hill: Waka Kotahi completed a site on Lemons Hill, Opua and Te haumi last year. Waka Kotahi has two sites to reseal North of Lemons Hill this year.

Over and above this Waka Kotahi has the following worked planned for SH11:

- South of Lemons to Kawakawa: Waka Kotahi has five reseal sites planned.
- SH10 near Oromahoe – Waka Kotahi has two resealing works planned south of Oromahoe Road.
