Kia ora Jemma,

The data that was requested on Friday afternoon about the Clean Car Discount Scheme is outlined below.

- The number of Utes that have received a rebate under the Clean Car Discount Scheme is 3.
- The number of Utes owned by a business that have paid a CCD fee is 10,526. Waka Kotahi NZ Transport Agency only tracks vehicles in the Motor Vehicle Register (MVR) that are registered under a business. As such, we cannot confirm if any of the owners / businesses claimed a GST exemption from the Inland Revenue Department.

Please let us know if you have any further questions and we will be happy to assist.

Ngā mihi nui

Hi again Tom, further to the below, are there any stats that show how many utes are bought for commercial purposes, e.g. do we know how many have been claimed against GST?

If that information is held/known, it would be good for the office to receive it as a file note by COP 22 November.

Hi Tom, thanks for this. The office thinks the response could include some context around the numbers.

Also, are there any utes that have received rebates at all?
