

MINO-563 Insert brief title here

22 December 2022

Provide advice on whether the crossing on Great South Road, near the Gurudwara (Sikh temple) in Manurewa is funded as part of the Transport Choices Package and if there is co-funding with the council.

Waka Kotahi NZ Transport Agency's response:

- Auckland Transport (AT) has confirmed that the crossing for Great South Road outside the Sikh Temple is part of the Manurewa package of Transport Choices.
- The concept design for the crossing is attached.
- The indicative cost for the crossing is \$250,000. Until the funding agreement is signed, the local share to AT's range of projects is not confirmed. Rather than an individual project contribution, we will be working towards a proportional contribution for AT's entire Transport Choices Package. That may be cumulative of individual contributions or a proportion of the total lump sum.
- Funding agreements should be confirmed for most councils early in 2023.
