

## MIN-4258 - Investment case for targeted improvements to NZ driver licencing - Programme Business Case

13 July 2023

Provides you with an update on the programme business case for targeted improvements to NZ driver licencing, which will be discussed by the Employment, Education and Training (EET) Ministers on 18 July 2023.

---

### Waka Kotahi NZ Transport Agency response:

#### Driver Licensing Improvement Programme - Programme Business Case

- A Programme Business Case has now been completed by the Driver Licensing Improvement Programme (DLIP) and this has been discussed with Treasury for consideration of the proposed investment for the delivery of targeted change for the future state of driver licensing.
- The programme was invited by the Department of Prime Minister & Cabinet (DPMC) in June 2023 to discuss the PBC, and both Treasury and DPMC are positive about the investment opportunity.

- As the Minister of Transport is not a member of EET, a special invitation will be extended to you for items within your portfolio remit. Papers for the EET Ministers' meeting are distributed to your office one week ahead of each meeting.
- As you do not have availability to attend the 18 July 2023 meeting, attached is a copy of the EET Minister briefing BRI-2663 (Progress Update on the Driver Licensing Improvement Programme) for your awareness.
