

MIN-4250 East Otago resurfacing

19 September 2023

The Minister's Office has asked for information on road surface renewals in Eastern Otago.

Waka Kotahi NZ Transport Agency's response:

- Over 2022/23, Waka Kotahi completed 108.79 lane/km of renewals on state highways in Eastern Otago, which includes State Highways 1, 83, 85, 87 and 8 (Milton to Raes Junction).
- For the forthcoming sealing season, we expect to complete a total of 151.4 lane/km (or approximately 75.7km of state highway) of renewals across the Eastern Otago state highway network. This includes:
 - 133.5 lane/km of chip seal
 - 11.4 lane/km of asphalt
 - 6.5 lane/km of pavement rehab.
- See the attached map which shows what surfacing treatment types occurred in 2022/23 and the work planned for 2023/24.

Legend

Surfacing

Treatment Type

- Asphalt Rehab
- Asphalt Surfacing
- Chipseal
- Pavement Rehab
