

## MINO-887 Transport Choices Programme Update

14 September 2023

The Office of the Minister of Transport and the Office of the Minister of Finance have requested an updated list of projects in the Transport Choices Programme (TCP).

---

### Waka Kotahi NZ Transport Agency's response:

- An updated list of TCP projects is attached to this note, as requested.
- In relation to the Carterton District Council's multi-use school connection, the Council's Chief Executive made the decision to withdraw the project due to issues around feedback and the time needed to undertake that. This is listed in the attachment with an explanatory note.
- The TCP was designed to accommodate more projects in the design phase than the overall budget allowed for, on the basis that Councils withdrawing some of the more difficult projects was likely to happen.

## MINO-887 – Transport Choices Project List as at 14 September 2023

Region	Council	Package name	Project name	Status	Flagship	Rationale for Removal
Auckland	Auckland Transport	Northwestern Busway Feeder Routers	Northwestern Busway Feeder Routers	Implementation	Yes
