I've forwarded the invitation onto a colleague who works with the NLTF. I hope that's ok. He will be able to provide some info around NLTF commitments.

Best regards

Hi s9(2)(a) ,

The information is in the model I sent out in one of the older Output summaries. However we have diverted from the way that summary has been built to an extent so the numbers don't tie up now. This is mainly related to the ongoing operating costs.

It might be worth meeting up to go through what you want to be able to see, then I can update the model so you can get the information you need. Could we do this on Monday morning?

Cheers
Adam

Hi Adam

Are you able to send me the information around what funding LGWM would look like under existing FAR rates and current NLTP and RLTP commitment?

Best regards
