Subject: Tolling TG

Hi Robyn

As you know Fergus is proposing to update the Board on tolling of TG in his CE update

tomorrow. The outcome of that discussion will be important for our stakeholders. We have provided further information below on how we would communicate that; would you be willing to take a look and pass through to Fergus if you feel it is relevant to him?

Section 9(2)(g)(i)

- This decision would likely be of high interest to our stakeholders, particularly local councils, and potentially the media.
- Up to now local councils have been kept up to date about tolling investigations on TG given that the former state highways (1 and 58) will be revoked to them and the effect of tolling would need to be considered as part of the negotiations.
- There has also been recent media enquiries into whether TG will be tolled and a related decision is likely to attract further interest.
- Pending the outcome of the Board conversation on Friday, we would develop a public statement for sharing with our stakeholders and prepare for media questions to this effect.

Thank you,

Vanessa Browne/ Executive Advisor
