

OIA-12605

Report date: 8 May 2023
Data extract date: 8 May 2023
Question:Nelson Local Roads at FAR (I recall FAR has changed over last 10 years)

Tasman Local Roads at FAR

Nelson State Highway

Tasman State Highway

Can you also help on the other side of the ledger re RUC and fuel levies? Or advise who might be able to? I realise this will be less than accurate as buying RUC/fuel in Nelson does not necessarily mean it is used in Nelson so will obviously need to make that very clear in any reporting.

Source database: Motor Vehicle Register (MVR)
Created by: Daniel Lawrence (Data Services)
Peer reviewed by: (Data Services)

Caveats:

- Data has been extracted from the Motor Vehicle Register (MVR) and is current as at 07 May 2023.
- Data is limited to vehicles and transactions recorded in the MVR between 1 July 2013 and 31 December 2022.
- Data excludes RUC amounts that have been refunded.
- Data excluded RUC licences that have been reversed or the distance purchased is zero.
- The region is based on the vehicles registered address. As these fields are free text, mistakes may occur (e.g. misspellings).
- The region the vehicle is registered in may not be the region the vehicle is operated in.
