All good apart from a few typo's Capitals after a full stop, perhaps I've missed this before?

Auror have responded below to our notice of proposed decision. I don't believe that the change they have requested of the word "theft" being replaced by "non-payment" has any change on the meaning of the purpose as a whole, so I have adjusted this in the final decision documents attached for your sign off.

Thank you

Kind regards

Thanks very much for sending through the draft decision.

We'd like to run a couple of minor changes by you please:

Purpose:

"...where Auror Limited has entered into a contract with the fuel supplier instructing them to ***instructing them to*** investigate ***fuel theft non-payment*** at a service station."

The removal of "theft" better encapsulates the desire of our Fuel suppliers to not presume criminal intent as well as the types of events that result in non-payment at service stations.

Please let us know if you have any questions.

Kind regards

Please see attached our draft decision and proposed terms and conditions for Auror Limited. Please read these carefully and let us know any comments that you have before we proceed to the final decision stage. As your current authorisation is yet to expire, please note we have proposed that the new terms and conditions begin on 14 September 2022, the day after the current terms and conditions are due to expire.

If you have any questions or would like extra time to review this please let me know.

Kind regards
