

26 February 2020

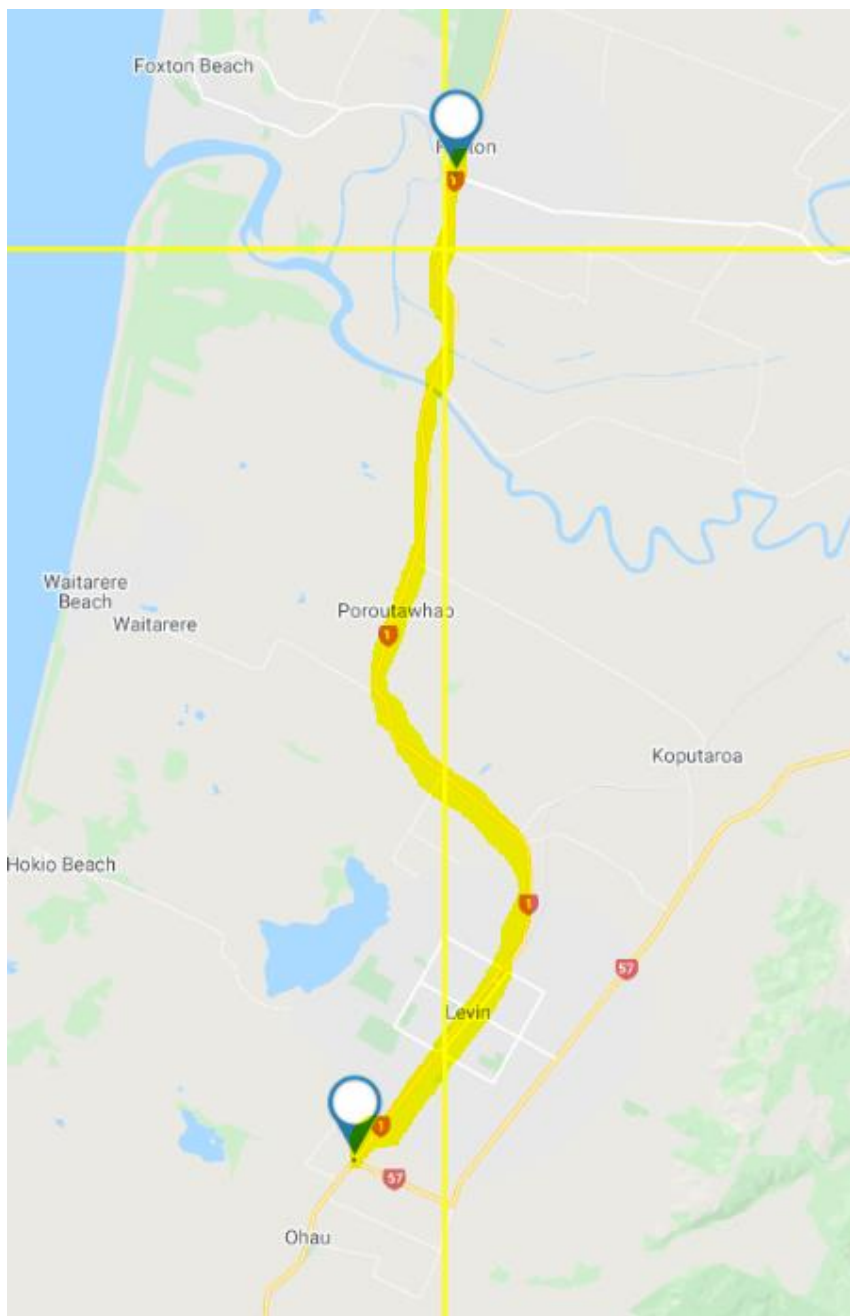

**Attention: State Highway HPMV and 50MAX Permit Holders**

Following completion of the Whirokino Trestle and Manawatu River Bridge replacement projects, the following section of SH1 is approved for HPMV travel from **27 February 2020** (refer image below):

**SH1 from Union St, intersection Foxton RP 0954/8.66 to SH1 / SH57 junction 570 RP 985 / 0.00 Levin**

Vehicles with a current NZTA issued HPMV permit are permitted to travel on this route from **27 February 2020**.

All other operators (including existing 50MAX permit holders) currently using these routes who wish to take advantage of the change in status must apply for a Full HPMV permit.

This permit addendum does not authorize the travel of Overweight Vehicles on the described routes. A vehicle specific permit is required for Overweight Vehicles.
