Dear Mike

**Tasman District Council: Pilot speed limits**

Thank you for the information provided for the Pilot speed limits on Hill Street and Wensley Road, Richmond, as required by The Land Transport Rule: Street Layouts 2023 and The Land Transport Rule: Setting of Speed Limits Rule 2022.

I note that a pilot speed limit can be in place for up to two years, however there is no requirement to wait the full two years before proposing to make it permanent. During the two-year period, it can be changed to a permanent speed limit by being included in the next speed management plan or submitted under the Alternative Method (when the pilot has been in place long enough to meet consultation requirements).

If you have any questions, please do not hesitate to get in contact with Karina Morrow (Manager Regulatory Technical, Te Rōpū Waeture - Regulatory) ([karina.morrow@nzta.govt.nz](mailto:karina.morrow@nzta.govt.nz)).

Yours sincerely

Brent Alderton  
Director of Land Transport
