

There are worse things to hit than a flexible safety barrier

Safety barriers save lives. They stop you before you hit something harder, like a tree, pole or oncoming vehicle.

* Standard Safety Intervention Toolkit, published September 2021, Waka Kotahi NZ Transport Agency

nzta.govt.nz/safety-infrastructure

When safety barriers are installed along the side and centre of the road, they can reduce the number of people killed or seriously injured in crashes by

75%*
