

6 Lowburn new no stopping area approved

After listening to feedback from recent consultation, the NZ Transport Agency Waka Kotahi (NZTA) is going ahead with its proposal to create no stopping areas on 1300 metres of SH6 at Lowburn near Cromwell to make it safer for everyone.

This change manages the impacts of increased roadside parking from the nearby Kiwi Water Park at Lake Dunstan, and the risk it poses on a rural highway. Safe off-road parking is now available for both Kiwi Water Park visitors and Lake Dunstan recreational users on LINZ land.

In reaching this decision we considered feedback, with the majority supporting the proposal, and NZTA plans to set a bylaw in accordance with the Land Transport Management Act 1998 by amending the NZTA Traffic Controls on State Highways Bylaws 2017.

No stopping areas on both sides of the highway as shown in the map will be in place by the end of June.
