Navigation details

Choose one of the below option from menu to start with analysis:

- Funding
- Infrastructure
- Work Completed
- Network Condition
- Vehicle Kilometres Travelled
- Public Transport
- Total Mobility

Any filter applied from the below list will remain persistent on all sheets

- Year
- Region
- Organisation

Filters

All the elements on a specific sheet interact with all others on the same sheet. Any value selected in one visualisation (Chart/map/table) will filter all the other visualisations accordingly.

Filters

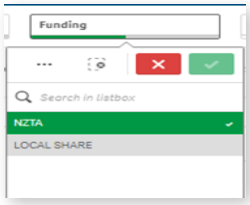
Applying filters

There are multiple ways of filtering your data.

- **Top banner filters.** Provide easily accessible detailed filtering for popular attributes.
- **Column header filters.** You can filter any column with a magnifying glass.
- **Detail of filters applied.** Detail about the filters you have applied.
- **Number of filters applied.** Lets you know at a glance the number of filters that have been applied.

Remove all filters

- **Clear filters/reports.** Removes all filters or selections you have applied.
- **Removing an individual filter**
- **Top banner filters.** You can deselect a filter from the top banner by clicking it (highlighted in green).



Wildcard search

Type in the search terms you wish to use. Press Enter and wait for the relevant entries to go green. Click the green tick ✓ to apply.

Text wildcards

When you start typing in a search box, it immediately starts to filter. You can get more accurate results using the tips below.

- ★ Use an asterisk where you want your search term to appear. For example, ***Edward** = results with Edward at the end, and **Edward*** = everything starting with Edward.
- " " Use single quote marks to search for an exact match. For example, **'one lane bridge'** will only bring back terms with those words in that order. It won't bring back results including one, lane and/or bridge.
- ~ Use a tilde to mean 'sounds like' if you don't know the correct spelling.

Other elements of dashboard

Check boxes

Check Boxes are used for multiple selections. By default all values will be selected.

- [x] Administration - General
- [x] Bridges & structures replacement
- [x] Minor Improvements
- [x] New roads & bridges
- [x] Professional Services for MOR

Radio buttons

Radio Buttons are used for single selection.

- (•) All Bridges
- ( ) Single lane
- ( ) Speed only
- ( ) Timber
- ( ) Weight

Buttons

Buttons are used for single selection. The one highlighted in Blue is currently selected.

Funding
User guide

Expenditure on transport-related activities by Approved Organisations, in each region, and in NZ.

It Includes:

- Road improvements
- Road Maintenance
- Public transport
- Walking and cycling
- Investment management
- Road Safety promotion

Select the type of information for analysis

Road improvements | Road maintenance | Public transport | Walking and cycling | Investment management | Road safety promotion

Region | Organisation | Funding Authority | Year | State highways / Local roads
