### Key topics

The main purpose of this month's event was to update project neighbours and the public at the Visitor Information Centre. Members of the public were able to attend throughout the day and receive the latest updates on the project. The opportunity to provide feedback was also encouraged.

### Notification of the event

The March e-newsletter included an invitation to the event. The newsletter was also distributed to the project's database of residents.

### Feedback

The feedback received during the day was very positive. As well as general queries about the project as a whole, other key feedback and queries received included:

- SH1 to SH18 westbound underpass
  - How does it work?
  - What is the timeline?
  - What is the construction methodology you are using to construct the underpass?
- When will the SH1-SH18 bridge connections open – can they be opened any earlier to help ease congestion on SH18?
- SH18 eastbound off-ramp switch
  - Wanted to understand what the switch meant in terms of traffic movements.
  - Would we be observing the traffic flows?
- Paul Matthews Road/Caribbean Drive intersection lights phasing and functionality
- How many traffic lanes will there be on SH1?
- When will the busway and shared use path be opened?
- What are waka lights on the new Albany busway bridge?
- How to do I get from point A to point B – a need to understand general directions with the new layouts.
- Query with regard to the width of the pedestrian crossing on McClymonts Road
- Impact of COVID-19 on the project.
- When are we going to be finished?
- How many staff do you have in the office and on site?
- Rosedale Station and Rosedale Road four laning
  - When and how was this project was happening?
- What are the different ponds throughout the project for and how do they work?
- Why isn't there a city bound/south facing ramp flyover?
- When will there be a busway between Oteha Valley Road and Silverdale?
