

CONSULTATION SUMMARY REPORT
MONTHLY COMMUNITY EVENT – APRIL 2022

Overview

Event	Date/Location	Staff present	Approx. number attended	Notification of Events
Online Project Update session	11am – 12pm Friday 8 April 2022 Online via Microsoft Teams	Communications and Engagement Team Trish Viall Emma Cushnie Jo Anslow	9	Invitation extended via the March 2022 e-news which has a distribution of over 1,000

Key topics

The main purpose of this month’s event was to update the public on the projects current and future works. The team started with an animated video showing the context of the Northern Corridor Improvements project. The group were then shown an aerial flyover video of the project taken in February 2022 and given a commentary of what was happening in each area. Each section concluded with a question and answer session.

Notification of the event

An invitation to the event was sent to subscribers of the monthly project update e-newsletter asking them to register their interest via the Northern Corridor Improvements email.

Feedback

The feedback received was positive. Questions raised during the session:

- The new playground in Rook Reserve is great but will there be shade trees planted as it is very hot in summer?
- Alexandra Underpass camera – is this for security or monitoring?
- What is the work on the left hand side of the motorway (SH1) near Sunset Road – is it landscaping?
- Is there going to be a SUP on the right side of SH1?
- When will the SUP open?
- When will the busway be ready for use?
- Will there be disruption to buses when the switch over to the new busway happens?
- Why was the busway bridge positioned where it is and not closer to the station?
- Is there a practical reason the bus lane goes in a U shape at Albany?
- It looks there’s going to be a T-junction on the busway/busway bridge – is that because the busway will be extended?
- Can cyclists use the busway bridge?
- Is there mitigation for the congestion on Rosedale Road?
- What cycle facilities will there be along Rosedale Road?
- What is happening with the Northern Pathway between Constellation and Akoranga?
