Key topics

NCI staff members attended the Meadowood Community House Family Christmas event to provide updates on the project and specifically the new Paul Matthews Road intersection. The general arrangements, aerial photos and a number of the project's posters including the Paul Matthews Road/Caribbean Drive intersection which is due to open the following week were on display.

Notification of the event

The Zone 2 Community Engagement Manager received an invitation to attend the event from the Meadowood Community House Manager, Leona Page.

Feedback

Overall there were positive feedback and comments about the good progress on the project including a number of queries regarding the new Paul Matthews Road/Caribbean intersection. Questions raised:

- Paul Matthews Road/Caribbean intersection
 - How does Paul Matthews Road link up to Caribbean Drive and when is it opening up?
 - How do I get to work?
 - How do I drop the kids off at school?
- Will there be an improvement to traffic at the Barbados Drive roundabout especially in the mornings?
- How to get to Constellation Station and back on foot, will Cabello walkway still be open?
- When do the flyovers open and where do they go?
- When will we be completed?
- When will the shared path be open?
- Why isn't the shared path built on the reserve side of Caribbean Drive?
- Will the Unsworth Drive off-ramp exit be opened up again?
