Key topics

The main purpose of the event was to update local community and neighbours on the work which will soon begin on the upgrade of Rosedale Road.

To support the event, aerial drawings of the extent of work between Tawa Drive and Triton Drive were provided along with a high-level timeline.

Notification of the event

An invitation to the event was sent to approximately 1,150 addresses and distributed via post office boxes to businesses and hand delivered to residential letter boxes in the area. An email to the project’s database of businesses and residents was also sent.

Feedback

The feedback received was overall very positive and included a mix of general queries and the impact of the works such as:

- How many traffic lanes will there be?
- What is the width of the road?
- Is there roadside parking?
- Shared use path (SUP)
 - Is the SUP separated by a kerb from the busway?
 - How does it link into the State Highway 1 (SH1) SUP
- National Mini Storage Albany Manager on the corner of Tawa Drive and Rosedale Road enquired as to the extent of the works::
 - How close will the works be in respect to the boundary of my property?
 - Will there be piling adjacent to the property?

COVID-19 Protection Framework

In line with the governments COVID-19 Protection Framework, the event included contact tracing measures along with masks and sanitiser available for attendees. A vaccine pass was necessary for entry as per the venue requirements and the event was held in the venues foyer to ensure there was space for physical distancing.
