**Key topics**

The event the project team hosted this month was a dawn karakia led by our mana whenua partners of the SH18-SH1 motorway connection before it opened to traffic.

**Notification of the event**

An email calendar invite was sent to attendees.

A media release and social media posts were also distributed after the event to notify the wider community that the connection was due to open the following week.

**Feedback**

Mana whenua acknowledged the work by the project team to construct the new motorway connection and raised the following questions during the event included:

- When is the SH1 to SH18 direct underpass opening?
- When will the project be finished?
- How was NCI impacted by the recent rain event and flooding?
- Why do you use guardrail in some locations and concrete barriers in others?
- General questions and discussion on the bridge joints across the motorway connection
