

# LOCAL CONNECTIONS

As part of the Northern Corridor Improvements, we want to know what is important to you and your community, in particular around walking and cycling connections in the area.

Do you currently walk or cycle in the project area?

Where would you like to have walking and cycling connections in the project area?

Do you have any other suggestions for walking and cycling connections in the project area?

Please let us know by leaving your comments on our map or feedback form.

Please use the pens provided to mark up on the map where you would like to see these connections.

Ask a member of the project team if you need assistance.
