Post event media release Social media posts

Key topics

This month's event celebrated the official blessing and opening of the Wainoni Park Pony Club facility. The opening was a key milestone for the Northern Corridor Improvements project for 2019. NZ Transport Agency's Senior Project Delivery Manager Karen Boyt was the MC of the event and provided guests with a background of the merger between the Rosedale, Greenhithe and Whenuapai Pony Clubs. Extensive collaboration took place with various agencies and stakeholders to create this much needed community space.

Notification of the event

An email invite was sent to 80 people who have been involved in different stages of the project from the consultation phase for the relocation of the three sports facilities to the design and construction stages.

Feedback

In general, attendees were very pleased with the completed facility and proud to have a modern and safe space to cater for growth of the sport in the Upper Harbour area. It was also great to hear from members that they felt it was one of the best equestrian facilities in the country.

Key social impacts and future project mitigation recommendations for project team

Feedback was received around the ability to co-ordinate with other organisations to align work programmes in the future. This referred to Watercare Services having started work on the Northern Interceptor project near the new clubhouse at Wainoni Park.

15 May 2019

Keelin Flynn

Communications and Engagement Team Manager, Northern Corridor Improvements Alliance

WAINONI PARK PONY CLUB OPENING

You are invited to join the NZ Transport Agency and Wainoni Park Pony Club to celebrate the opening of the new clubhouse and facility.

This is the second of three world class sports facilities being relocated and improved as part of the Northern Corridor Improvements project.

The project will provide a much needed transport upgrade for the North Harbour community on behalf of the New Zealand Government.
