

NEW SHARED PATH FOR WALKING & CYCLING

A new 5km shared walking and cycling path will be built alongside the Northern Busway, all the way from Oteha Valley Road down to Constellation Drive and then across and along SH18, joining up to the new cycle path on Albany Highway. It is envisaged that the shared path would be similar to the popular Northwestern Cycleway on the Northwestern Motorway (SH16).

By partnering with Auckland Transport, the project is also investigating what other routes could be prioritised in the area to form a comprehensive network. The first proposed route will be the Spencer Road Bridge - a new pedestrian and cycling bridge across the motorway to connect Pinehill and East Coast Bays residents with the Albany metro area and offering great views over to Rangitoto Island.

HAVE YOUR SAY

Where would you like to see other connection points to access these new shared walking & cycling paths and bridges? Stick a post-it note on the map to show where you'd like to see these connections.
