

ROSEDALE ROAD CONSTRUCTION WORK

The SH1 Rosedale Road Bridge is being widened to allow additional traffic lanes on SH1 both north and southbound as part of the Northern Corridor Improvements project.

WHAT WE ARE DOING

To prepare for the main work, our crews will begin by relocating services such as power and water on Rosedale Road. This could take several months to complete.

Then Rosedale Road will be lowered to allow additional head room for trucks and buses.

WHAT IT WILL LOOK LIKE

The final design for Rosedale Road bridge is yet to be finalised. The urban design elements are also being worked through alongside mana whenua to tell the unique story around *mahi* (work), harvesting and gathering of kai in the area.

UPDATES
