

WHERE TO FROM HERE

Firstly, a thank you for making the time and putting in the effort to give us feedback on these concepts.

Over the next few months the project team will be assessing your feedback on these concepts while undertaking further investigation to determine options for the Northern Corridor.

This is not the end - we will update you again and ask for your feedback once the investigation process has developed a preferred option.

In the meantime, if you want to keep in touch we have an Information Hub located at 33A Apollo Drive, Rosedale, drop in and talk to the team, send us an email at northerncorridor@nzta.govt.nz or give us a call on 0800NCIPROJECT.
