Resource Consent Application

(Pursuant of section 88 of the Resource Management Act 1991)

Discharge Permit To discharge to air

(A separate application form is required for each consent being applied for)

Important: Please read carefully before completing the form

All applicants need to respond to all of the questions. If a particular section is not applicable to your application, please say so; do not leave the question blank. Questions may be answered in attached documentation if it is more convenient or insufficient space is provided on the form. If that is done, state specifically on the application form where the answer can be found (**include page numbers if referring to a separate report**).

If you have any questions relating to completion of this application form, please contact the Consents Department, Taranaki Regional Council on telephone (06)765-7127 or email consents@trc.govt.nz.

Lodge the application by signing below and sending the completed form to:

Mail: Taranaki Regional Council, Private Bag 713, Stratford 4352.
Attention: Consents Administration Officer

Email: consents@trc.govt.nz (if application is emailed please do not mail a hard copy unless requested to do so by the consents department.)

5 Details of the Activity

5.1 If you have discussed this proposal with council staff, please give the person's name here:
Colin McLellan - Consents Manager

5.2 In your own words, briefly describe the activity you are undertaking:
Construction of Mt Messenger Bypass, a new section of State Highway 3. See Section 1 of AEE report.

5.3 Identify the potentially significant contaminants in the emissions:

	Yes	No		Yes	No
Odour	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Particulate [PM ₁₀]	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Dust	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Smoke	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Heat	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Other products of combustion	<input type="checkbox"/>	<input checked="" type="checkbox"/>
NOx	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Other contaminants [please identify below]	<input type="checkbox"/>	<input checked="" type="checkbox"/>

- 5.4 Describe the processes that occur on the site from which emissions to air will occur. For abrasive blasting state different types of blasting that could occur and if they are to occur in the open or in a permanent enclosure.

Construction activities - for a full description please see Section 5 of the AEE Report and the Air Quality Assessment Report in Volume 3 (Technical Report 11).

- 5.5 Describe the frequency and any other variable characteristics of the discharge, including the factors that influence frequency and other characteristics.

Construction activities - for a full description please see Section 5 of the AEE Report and the Air Quality Assessment Report in Volume 3 (Technical Report 11).

- 5.6 Detail all emissions, including point source emissions [*eg stacks, vents*] and fugitive emissions [*eg stockpiles, disturbed dust, leakage from doors/windows*]. Describe the source of each emission and the contaminants it contains. Show location of each emission on site diagram.

Dust from construction activities may occur anywhere within the Project area. For a full description please see Section 5 of the AEE Report and the Air Quality Assessment Report in Volume 3 (Technical Report 11).

6 Air pollution control

- 6.1 Describe any air pollution control equipment installed or proposed to be installed such as bag filters, scrubbers, cyclones. Include information on maintenance procedures and process control information to monitor the performance of the systems.

Dust Management Plan in Volume 5 provides details of management equipment and procedures.

- 6.2 Detail other processes in place to ensure that emissions [*including any odour*] are controlled and/or minimised with particular reference to the contaminants noted in question 5.3.

Dust Management Plan in Volume 5 provides details of management equipment and procedures.

7 Assessment of Environmental Effects

An assessment of environmental effects [AEE] in accordance with schedule 4 of the Resource Management Act 1991 must be provided with the application. The AEE detail must correspond to the scale of the effects that the activity may have on the environment.

Completing the AEE section of this form will be sufficient for most applications. However for activities with actual or potential effects that are significant, a separate comprehensive AEE report including specific investigations may be required.

Schedule 4 can be viewed at www.trc.govt.nz/resource-consent-application-forms

7.1 If the application is to renew a consent, summarise the monitoring that has been undertaken and the environmental effects as identified by that monitoring.

OR

New Consent/No monitoring data

7.2 Could the emissions result in any offensive or objectionable odour beyond the boundary of the site?

- A) No If there are odourous emissions ensure that question 6.2 details how they are is adequately minimised.
- B) Yes Give details including frequency, duration, location and offensiveness of odour and the circumstances when it could occur.

7.3 Could the emissions result in any dust beyond the boundary of the site?

- A) No If there are dust emissions ensure that question 6.2 details how they are adequately minimised?
- B) Yes Give details including frequency, duration, location and the circumstances when it could occur.

Dust Management Plan in Volume 5 provides details of management equipment and procedures.

7.4 Provide an assessment of the environmental effects of discharging the contaminants identified in Q5.3 and how they are avoided, remedied or mitigated?

See Sections 9 and 10 of the AEE Report and the Air Quality Assessment Report in Volume 3 (Technical Report 11).

7.5 Consideration of alternative methods of discharge, including discharging to another receiving environment.

- A) No alternatives considered. This is the only feasible option. Explain below if appropriate; or
- B) Provide a description of alternatives considered and the reasons for the option chosen

Multi-criteria analysis (MCA) undertaken to select preferred route option. See Section 6 of AEE report and Consideration of Alternatives in Volume 4.

8 Assessment of Part 2 Matters and Policy

An assessment of the activity against the matters set out in Part 2 of the RMA and against any relevant provisions of policy documents and regulations must be provided with the application. The assessment must be in sufficient detail to satisfy the purpose for which its required.

For most applications the brief assessment provided below will be adequate. However for activities with significant policy implications, or where a National Policy Statement is relevant, a specific more comprehensive assessment is likely to be required.

The proposal is consistent with Part 2 of the RMA (the focus of which is to promote sustainable management of natural resources). The *Regional Air Quality Plan for Taranaki* generally supports discharge to air if they do not cause offensive or objectionable odour beyond the boundary and if adverse effects of hazardous, noxious or toxic contaminants are avoided, remedied or mitigated. These requirements can be met by appropriate treatment and including reasonable conditions on any consent granted.

9 Consultation / Affected Parties

9.1 Please list the persons that you believe to have an interest in or that may be affected by the proposal.

Name	Address
See Section 7 of AEE for details of stakeholder consultation.	
<hr/>	
<hr/>	
<hr/>	
<hr/>	

9.2 Detail the consultation undertaken with any interested/affected parties, and the views of those consulted. Attach correspondence if appropriate. The consultation undertaken and the information provided is to aid the Council in determining who may be adversely affected by the proposal.

Please note: Council may determine that your application is to be notified. But generally it will be non-notified if there are no more than minor adverse effects beyond the adjacent land, and if written approval is obtained from all those people who are likely to be adversely affected in a minor or more than minor way. Council will determine the people who are likely to be adversely affected and you will have the option of obtaining their written approval so that your application can be non-notified.

Important Note:

If you are not the landowner at the site of the discharge, the landowner(s) written approval will be required. If they are not included with the application it will be lodged as a draft. Formal acceptance will occur when all written approvals are provided or the applicant requests limited notification.

10 Other Consents Required

10.1 What consents are required from other authorities for the proposed activity?

None

11 Draft report and conditions

11.1 Do you wish to review and make comment on a draft report and recommendation [including consent conditions] before any consent is issued?

Yes No

If you answered 'Yes' please consider agreeing to a timeframe extension [See section 12 below.]

12 Processing Timeframes

The RMA specifies timeframes for processing resource consent applications, [for example 20 working days for a non-notified application], however these timeframes can be extended with the applicant's agreement.

12.1 Do you agree to the Taranaki Regional Council extending RMA consent processing timeframes?

- Yes, provided that I can continue to exercise my existing consent until processing of this application is completed *[renewal applications]*.
- Yes, provided that the extension is for the specific purpose of discussing and trying to agree on consent conditions.
- Yes, provided that the application process is completed before ___/___/___ *[enter date]*

13 Value of investment (renewal applications)

Please complete this section only if your application is to renew an existing consent

13.1 Provide an assessment of the value of your investment that is dependent on this consent.

- | | | | |
|-----------------------|--------------------------|--------------------------|--------------------------|
| < \$10,000 | <input type="checkbox"/> | \$10,000 to \$50,000 | <input type="checkbox"/> |

14 Surrender of existing consent [renewal applications only]

Please note that your existing consent is to be surrendered on the granting of this application.

15 Fees and charges

15.1 Non-notified initial deposit (including GST) – To discharge to air

New/Renewal

\$1,196.00

The charge above is required when an application is submitted and is an **initial deposit** towards the final cost of processing the application. Processing of the application will begin when the deposit is received. The final cost of processing is based on actual and reasonable staff time and disbursements spent processing the application. The final cost (less the deposit) is invoiced at the end of the application process, but there may also be interim invoices during the process.

Where there is more than one application required for the same proposal, an initial deposit is required for each application.

If the consent is notified, a larger deposit will be required. We will advise if the application is to be notified.

Withdrawn applications will incur the cost for work done up to the date of withdrawal.

Applications returned due to inadequate information will incur the cost of work done in receiving the application, assessing the information and returning the application.

All collection costs incurred in the recovery of a debt will be added to the invoice amount due. Overdue invoices will incur an interest charge of 12% per annum.

Details of Council's charging policy are in its 2015/2025 Long-Term Plan.
