Subject Open Space Proposal - Saxon Reserve OS 10(C)  
 Waterview Connection Proposal  
 Document Ref: No 20.11-3-R-N-1024 (Page 65)  
 Waterview Connection Proposal on Draft Report

Our property, 45 Alfred Street borders 41 & 43 =  
 Alfred Street purchased by NZTA for  
 open space mitigation. We understand 41 & 43 =  
 will be joined to the existing Saxon Reserve  
 to provide a Passive Open Space.

Our concerns are: -

(a) neighbouring properties have not been  
 consulted in changing 41 & 43 from Residential  
 to Recreational Space.

and

(b) It is noted that an abutment block is  
 planned. If this is sited in the above area  
 not only would it be unsightly but could  
 cause a problem at night from noisy persons  
 and invite crime into a peaceful residential  
 area.

We would appreciate your comments.

Diana b. Jenkins
