

Eastern Corridor immediate priorities

Tarawera Road to Iles Road

All options include off-road cycle facilities such as shared paths or kerb separated cycle lanes along Te Ngae Road.

OPTION 1

Flush median

Widen Te Ngae Road to four lanes from Tarawera Road to Iles Road with a flush median

Cost: \$3m-\$5m

OUR PICK

OPTION 2

Solid median

Widen Te Ngae Road to four lanes from Tarawera Road to Iles Road with a solid median

Left in / left out at the Allen Mills Road intersection, restrict property accesses

Cost: \$3m-\$6m

It's our favoured option because it:

- Improves safety
- Reduces conflict with local road access

OPTION 3

Solid median with service lane

Widen Te Ngae Road to four lanes from Tarawera Road to Iles Road with a solid median

Left in / left out at the Allen Mills Road intersection, restrict property accesses

Service lane on north side of Te Ngae Road

Cost: \$4.5m-\$9m
