

Affected landowners

Where property is required, landowners will be fairly compensated under the Public Works Act.

If you are affected we will:

- Come and talk to you personally
- Work with you to manage your concerns
- Explain the support you are entitled to
- Explain the relevant processes and your rights

Landowners can go to the Land Information New Zealand (LINZ) website for more information:

 www.linz.govt.nz/crown-property/acquisition-and-disposal-land/public-works

LINZ produce a booklet, Landowners' Rights When the Crown Requires Your Land for a Public Work, to inform landowners of their rights and the role of accredited suppliers in negotiations. You can browse this information online or download a printable version.

If you are affected, we will come and talk to you personally
