

EAST WEST LINK ANNS CREEK AND SYLVIA PARK ROAD/ MT WELLINGTON

B GREAT SOUTH ROAD INTERSECTION

Final design of this intersection is still being investigated:

1. One option is for grade separation of the new link (over Great South Road), to improve the long term performance of the EWL.
2. We will confirm the design of this intersection in early 2017.

ANNS CREEK

We are proposing to undertake work in this area including:

- Revegetation of lava shrubland species post-construction
- Weed control and conservation management to protect lava shrubland habitats and threatened plants
- Animal pest control
- Riparian planting
- Raupo wetland enhancement

Anns Creek East, mosaic of mangrove saltmarsh and lava shrubland

Anns Creek East, lava shrubland with akeake, Geranium and fern species on lava flow
