

# Glen Innes to Tāmaki Drive (Section 2)

## Purewa Road construction work

We are completing the final piece of Section 2 of the Glen Innes to Tāmaki Drive Shared Path on Purewa Road.

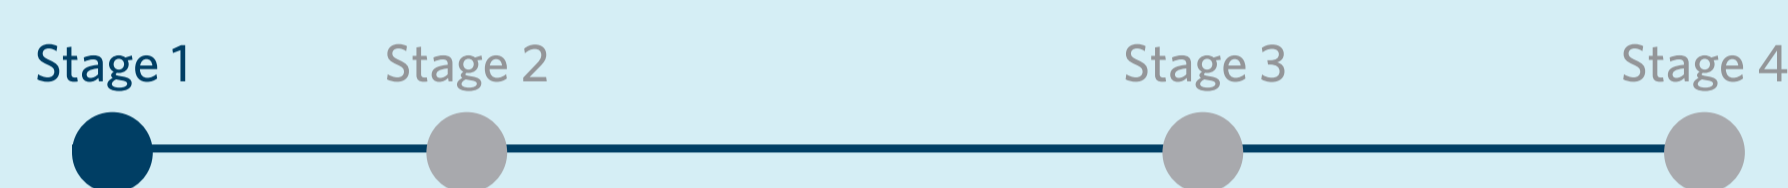

This will connect the recently opened pathway at Meadowbank train station to the Ōrākei Basin boardwalk and we expect to be complete by March 2023.

We will ensure public access is always maintained through the work site, but this will mean a few changes to pedestrian access over the next few months.

### Stage 1

25-28 October

Temporary adjustment on the northern footpath, pedestrians will be directed through the worksite for one week while the current pathway is altered to suit the second stage.

Dates are approximate and subject to change
