

Glen Innes to Tāmaki Drive (Section 2)

Purewa Road construction work

We are completing the final piece of Section 2 of the Glen Innes to Tāmaki Drive Shared Path on Purewa Road.

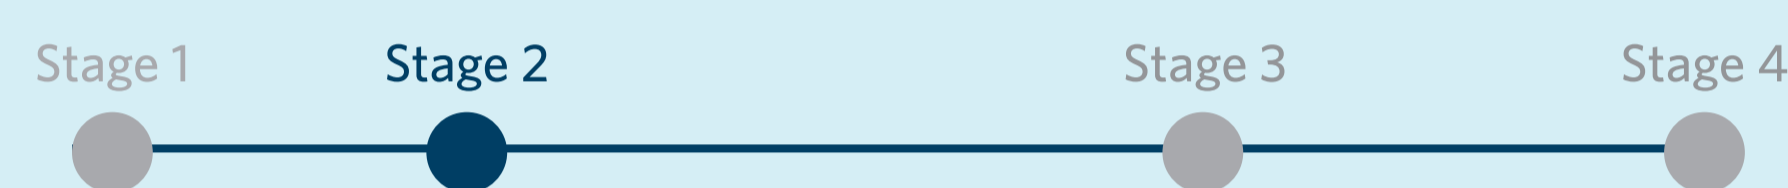

This will connect the recently opened pathway at Meadowbank train station to the Ōrākei Basin boardwalk and we expect to be complete by March 2023.

We will ensure public access is always maintained through the work site, but this will mean a few changes to pedestrian access over the next few months.

Stage 2

28 October – 7 December

Pedestrians remain on the northern footpath, in the same location as currently. This allows work to be completed on the southern side of Purewa road in front of the new development building.

Dates are approximate and subject to change
