

Horsham Downs/Resolution Drive connections

The planned connections to the Hamilton Section at Horsham Downs should include:

<p>The extension of Resolution Drive to meet the Expressway and a link across the Expressway to Horsham Downs Road</p>	<p>A bridge over the Expressway, including a footpath, at Osborne Road</p>	<p>Closing Kay Road west of Resolution Drive and extending Borman Road to meet Kay Road.</p>	<p>The decision has been made after extensive consultation with the community and ensures the Expressway connects to the local road network in a way that supports planned growth and development while also keeping the community connected.</p>	<p>A Notice of Requirement and resource consent applications for the proposed works will be lodged early in 2016. This will be a publicly notified process and anyone can make a submission.</p>
