6 May 2011

Dear <Name>

### **MacKays to Peka Peka Expressway Project**

I am writing to inform you of the decision made on the proposals presented for public consultation for the MacKays to Peka Peka Expressway.

From November 2010 to February 2011 we undertook public consultation on the expressway. Following consultation and assessment of the effects of the proposals and feedback, we can now confirm the final alignment.

The MacKays to Peka Peka Expressway alignment is confirmed. This means that at the southern end, the alignment proposed in November 2010 is confirmed and north of Waikanae River, the western alignment (Option 1 in the November proposals) is confirmed.

Arriving at the decision has been very difficult as we are aware of the impact it has on property owners. The process we followed involved the careful consideration of the feedback received and undertaking technical assessments in a wide area, as well as ensuring our work met all statutory requirements and responsibilities.

We would also like to tell you that a consultation report is now available which provides a summary of the November 2010 consultation. A copy can be downloaded from our website [www.nzta.govt.nz/m2ppproject](http://www.nzta.govt.nz/m2ppproject) or a hard copy is available on request.

If you have any queries, please do not hesitate to call us on 0508 M2PP INFO (0508 6277 4636) or email [info@m2pp.co.nz](mailto:info@m2pp.co.nz).

Yours sincerely

**Jim Bentley**

MacKays to Peka Peka Expressway Alliance Project Manager
