

Appendix 4 – Petition

COMMON SENSE FOR KAPITI

PETITION

**SUPPORT FOUR-LANE
WESTERN LINK ROAD**

(OPTION 3)

**TO: TRANSPORT MINISTER STEVEN JOYCE
 NEW ZEALAND TRANSPORT AGENCY**

We, the undersigned, ask that the four-lane Western Link Road from Raumati South to Peka Peka (Option 3) be selected by the government as the preferred route for SH1 through Kapiti.

The route has been available for 50 years, can be built faster, at less cost, and would carry all through-traffic, including heavy trucks.

This would leave the existing SH1 through Kapiti as a secondary road for local traffic, carrying substantially fewer vehicles, and making it safer and more pleasant to drive on local roads.

The appropriate four-laning of the Western Link Road would also mean no widescale disruption and re-engineering of SH1 through Waikanae, Otaihanga, and Paraparaumu.

This petition is supported by:

The Option 3 Group, and the Waikanae-on-One Group

The organisers stress that the petition itself is not sufficient to influence the government and urges that Kapiti residents mail in their own submissions, no matter how short, on your preferred Option.

Petition Organisers: Chris Turver (027-2301601) and Anne Molineux (027-6991786)
