

APPENDIX 12 – WEIGHTING SYSTEMS APPLIED IN ANALYSIS  
(See explanation in section 4.6 of report)

### Workshop Weightings

10																	
9																	
8																	
7																	
6																	
5																	
4																	
3																	
2																	
1																	
0																	
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs				
Weight:	6	9	9	10	7	8	10	7	8	7	3	3	5				

### RMA Section 6 Emphasis Weighting

10																	
9																	
8																	
7																	
6																	
5																	
4																	
3																	
2																	
1																	
0																	
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs				
Weight:	6	10	10	10	3	5	2	2	2	2	2	2	2				

### RMA Part 2 Balanced Weighting

10																	
9																	
8																	
7																	
6																	
5																	
4																	
3																	
2																	
1																	
0																	
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs				
Weight:	6	8	8	8	8	7	8	7	8	7	7	6	8				

### Community Weighting System

10															
9															
8															
7															
6															
5															
4															
3															
2															
1															
0															
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs		
Weight:	6	6	8	7	9	8	9	9	8	8	7	7	8		

### Environmental (Quadruple Bottom Line) Weighting

10															
9															
8															
7															
6															
5															
4															
3															
2															
1															
0															
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs		
Weight:	5	10	5	5	3	3	0	0	5	3	0	0	0		

### Social (Quadruple Bottom Line) Weighting

10															
9															
8															
7															
6															
5															
4															
3															
2															
1															
0															
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs		
Weight:	5	4	7	7	10	8	7	9	5	7	8	5	7		

### Cultural (Quadruple Bottom Line) Weighting

10																		
9																		
8																		
7																		
6																		
5																		
4																		
3																		
2																		
1																		
0																		
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs					
Weight:	3	5	7	10	5	3	2	2	0	0	3	0	0					

### Economic (Quadruple Bottom Line) Weighting

10																		
9																		
8																		
7																		
6																		
5																		
4																		
3																		
2																		
1																		
0																		
Attributes	Landscape / Visual	Ecology	Archaeology / Heritage	Cultural Values	Social / Community Impacts	District Plan / Urban Growth	Transport Eff / Fit to Objectives	Effect on Lifelines	Natural Hazards Effects	Productive Land Use Effect	Specific Ownership Effects	Constructability	Costs					
Weight:	0	0	0	0	5	3	7	3	3	2	3	5	10
