

## SH16 LINCOLN TO WESTGATE PROJECT

The Transport Agency is working on the final stage of the SH16 Northwestern Motorway Upgrade between Lincoln Road and Westgate. Construction is due to start mid next year and will take 2.5 years to complete.

The motorway upgrade will support the expected growth in the western suburbs and increased traffic using the Waterview Tunnels and Western Ring Route.

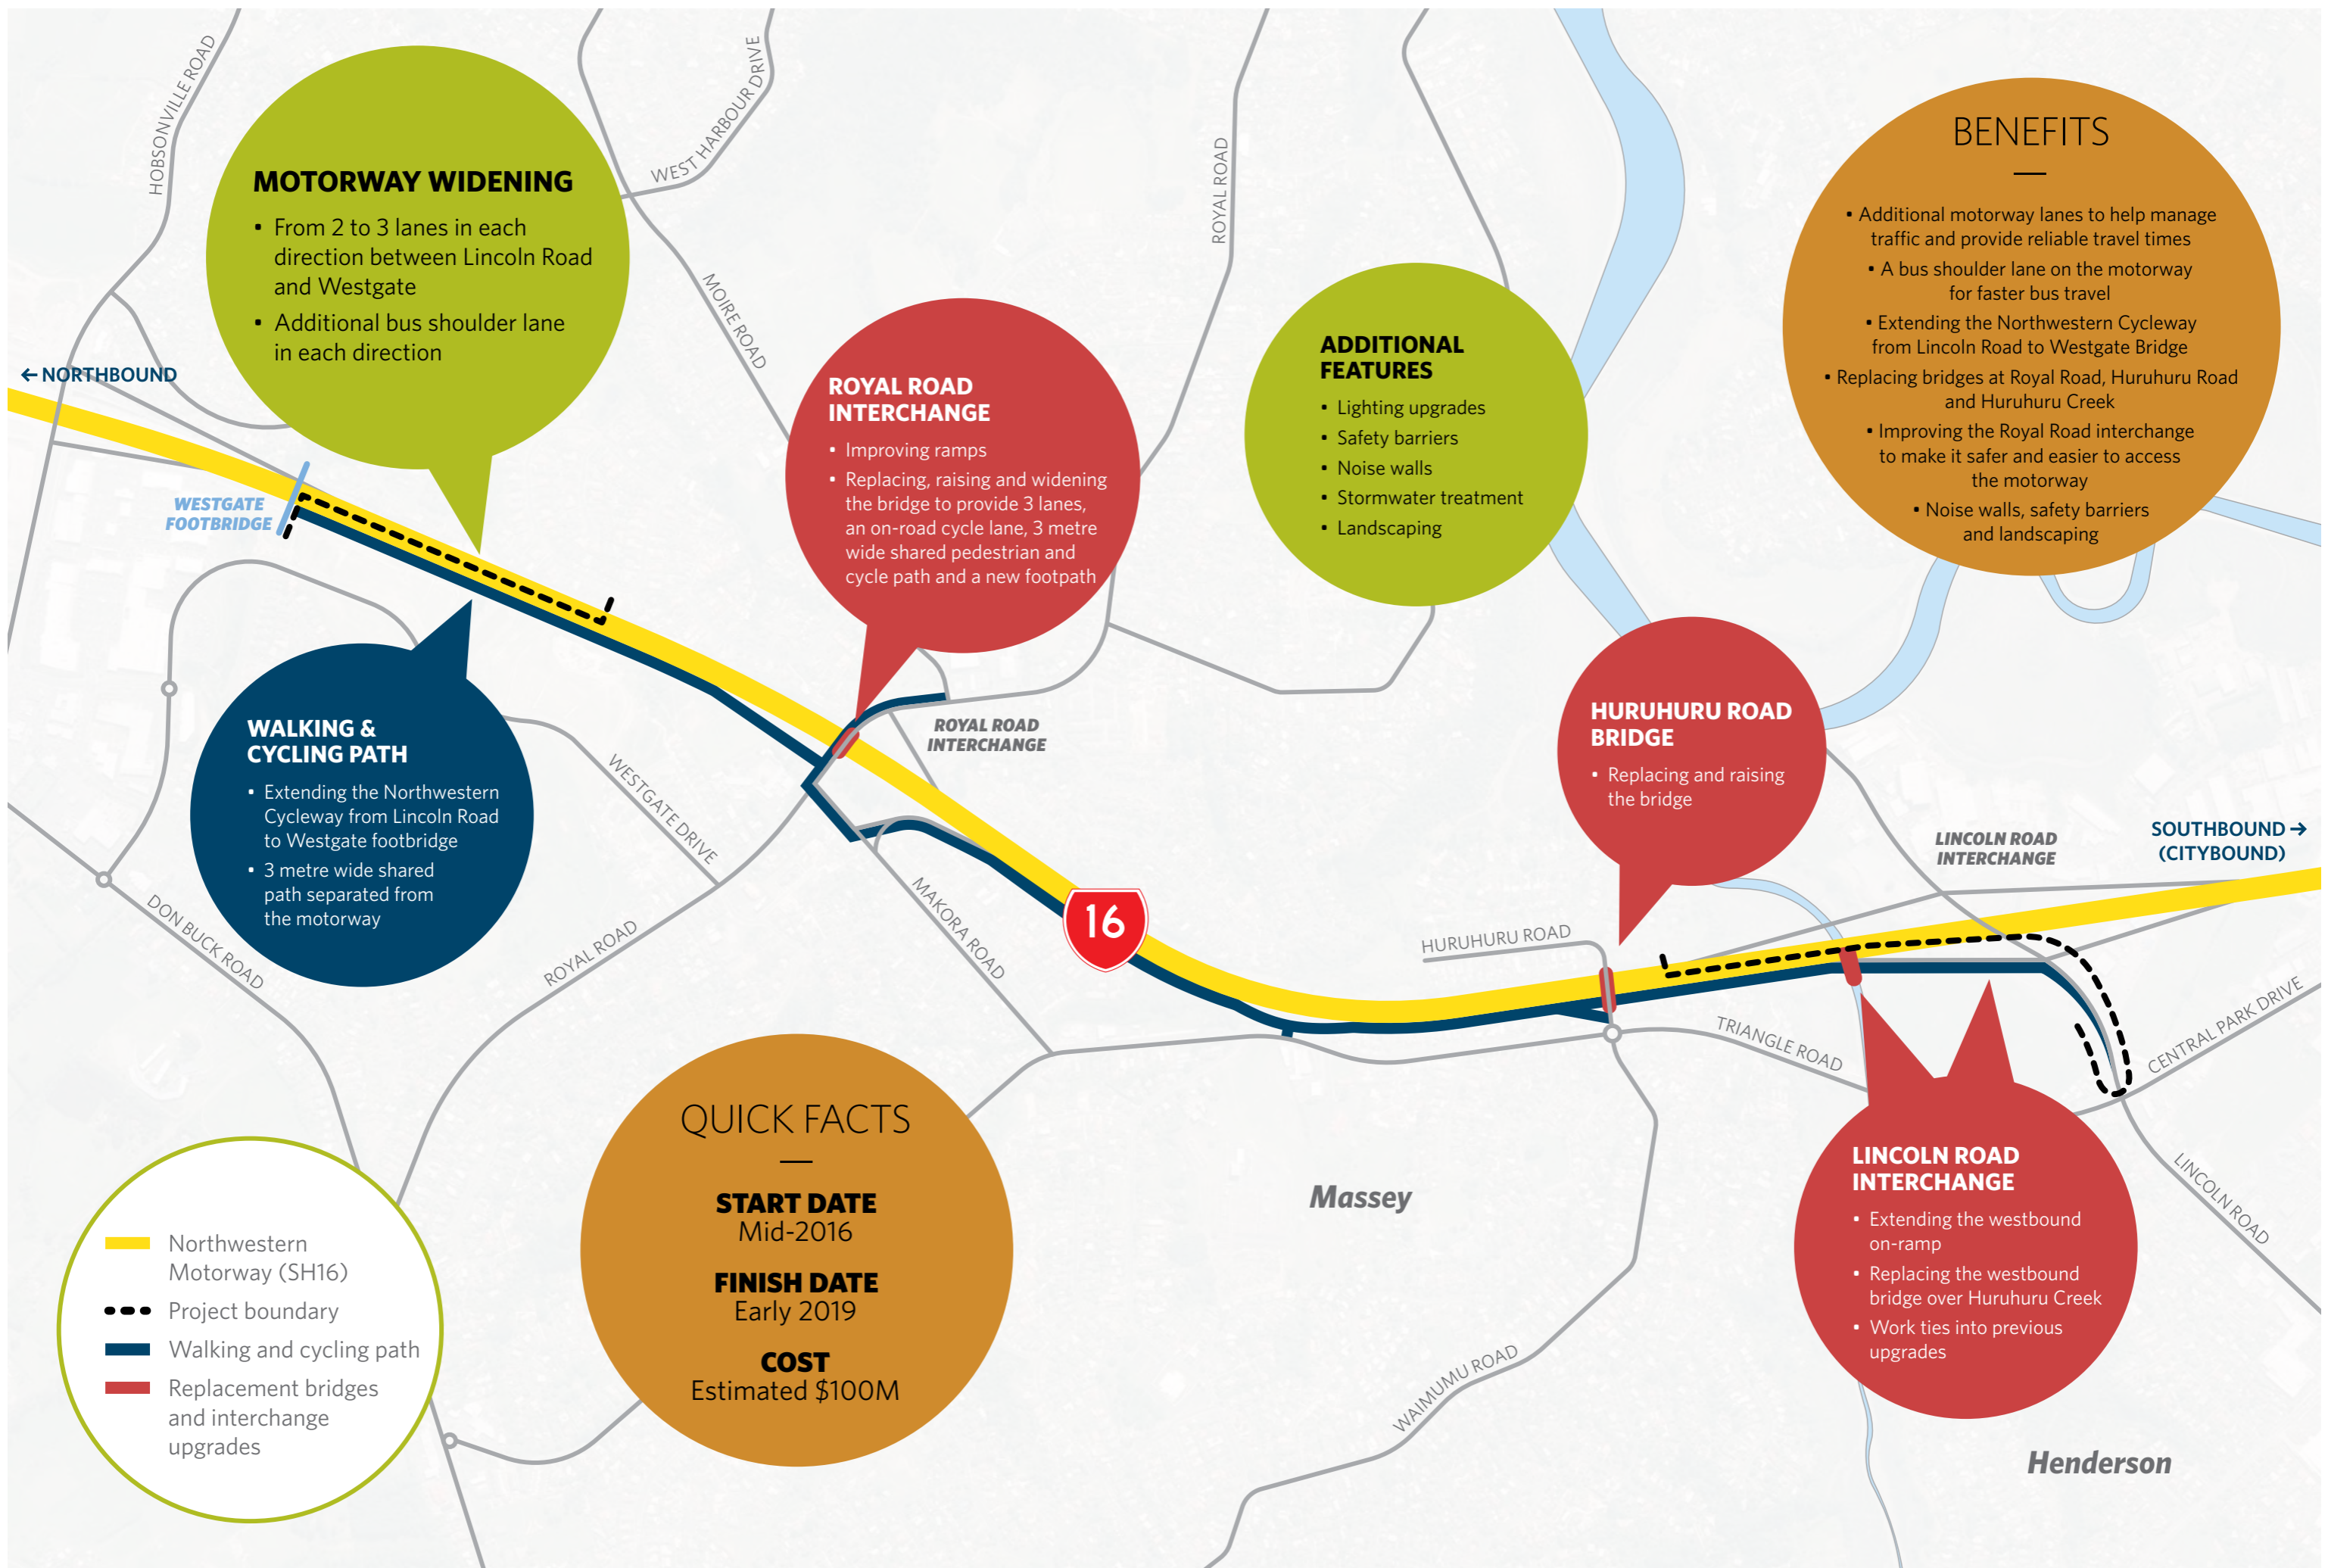

### WHAT'S COMING UP

The Northwestern Motorway (SH16) will be widened between Lincoln Road and Westgate with more lanes, better on and off-ramps, and a bus shoulder lane in both directions. Bridges over the motorway will be replaced at Royal Road, Huruheru Road and at Huruheru Creek (heading westbound). The Northwestern Cycleway will be extended alongside the motorway to create a new shared walking and cycling path from Lincoln Road to Westgate Bridge.

### IN MORE DETAIL

- Widening the motorway to create 3 lanes in both directions for motorists
- Creating bus shoulder lanes next to the motorway in both directions
- Extending the Northwestern Cycleway to create a 3-metre wide shared walking and cycling path from Lincoln Road to Westgate
- Improving the Royal Road interchange and ramps. Replacing, raising and widening Royal Road Bridge, creating an on-road cycle lane, shared walking and cycling path, and new footpath
- Replacing and raising Huruheru Road Bridge
- Extending the Lincoln Road on-ramp heading westbound and replacing one side of the bridge over Huruheru Creek
- New landscaping, urban design and lighting features
- New wetlands to treat stormwater run-off
- Improved safety barriers and new noise walls.

## HOW THE LINCOLN TO WESTGATE PROJECT WILL LINK UP WITH WORK CURRENTLY UNDERWAY ON THE NORTHWESTERN MOTORWAY

We've been working recently on the *Lincoln Road Interchange* project that involved upgrading several bridges, ramps and widening the motorway from 2 to 3 lanes in each direction. The *Lincoln to Westgate* project will tie into this previous work to improve the motorway even further, providing 3 lanes in both directions.

This is the final project to be completed as part of the Northwestern Motorway Upgrade and forms part of the Western Ring Route.

## WORKING WITH PROPERTY OWNERS

Neighbouring property owners living close to the motorway may experience some disruption during construction, however the project team will provide regular updates to minimise any disturbance. New noise walls will be put into place between neighbouring property boundaries and the motorway.

More information will be provided at our open day sessions so pop along and find out more.

## COMMUNITY OPEN DAY

Come along to one of our open days where you can learn more about the project and talk to the project team.

**When: Saturday 14 November, 10am - 2pm**  
**Tuesday 17 November, 4pm - 7pm**

**Where: Royal Road School Hall, 112 Royal Road, Massey**

## TIMELINE
