

# LINCOLN TO WESTGATE BRIDGE UPGRADE

- Replacement of the Lincoln #1 Bridge over Huruhuru Creek will improve safety on the northbound Lincoln Road on-ramp.
- Replacement and raising of the Huruhuru Road Bridge will provide greater height clearance for SH16.
- Replacing and raising the Royal Road Bridge will provide greater height clearance. The new bridge will also have an added eastbound lane, a cycle lane in each direction and shared use path giving the community a new bridge with better functions than the previous bridge.

LINCOLN BRIDGE No. 2  
(COMPLETED BY OTHERS)

LINCOLN BRIDGE No. 1
