

SH73 West Melton intersection improvements
traffic management map – for night work road closures
(Sunday 26 February to Friday 3 March 2023)

- **Zone 1** **Sunday 26 February** - Weedons Ross Road (north) closed from 8pm; SH73 West Coast Road reduced to one lane with temporary traffic lights.
- **Zone 2** **Monday 27 February** - Weedons Ross Road (south) closed from 8pm; SH73 West Coast Road reduced to one lane with temporary traffic lights.
- **Zone 3** **Tuesday 28 February** - Kingsdowne Drive closed from 8pm; Weedons Ross Road (south) reduced to one lane with temporary traffic lights.
- **Zone 4** **Wednesday 1 March** - the link road closed from 8pm; Weedons Ross Road (south) reduced to one lane with temporary traffic lights.

If for any reason all the work cannot be completed within a zone in one night, the work will be finished in that zone the following night.

This means we may move from one zone to the next within the same shift. However, only one zone will be closed at any time.

Also, this work can only be completed if the weather is dry and warm, so if the conditions are not appropriate on any given evening, all work will be rescheduled to one night later.
