

# 76 1 SH76/SH1 Christchurch Southern Motorway

## Speed limit review

Motorway on and off-ramps are included in this 110km/h speed limit review. The sections of those ramps connecting with local roads are excluded.

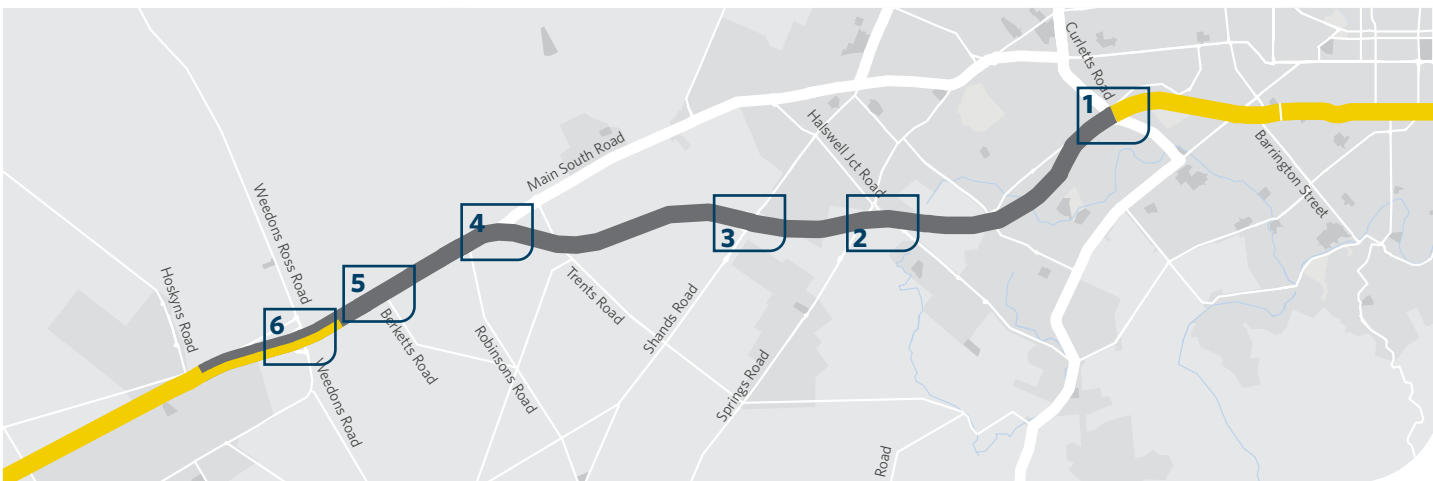

### Speed limits

- Proposed area to increase to 110km/h
- No change to existing speed limit

Roads suitable for a 110km/h speed limit must have 2 or more lanes in each direction. This is why proposed speed limit change points vary at Rolleston.
