

# Paekākāriki Interchange

The Paekākāriki Interchange connects State Highway 59 with Te Aranui o Te Rangihaeata - the Transmission Gully motorway via a northbound on-ramp and southbound off-ramp. This is the main interchange for southbound motorists travelling from Kāpiti to Paekākāriki, Pukerua Bay or Plimmerton and for SH59 motorists wishing to rejoin State Highway 1. Northbound motorists travelling on Transmission Gully (e.g. from Wellington) to Paekākāriki, should take the northbound off-ramp at the Mackays Crossing interchange and then travel south to this interchange.
