

Walnut Avenue Intersection Improvements

What	We'll be surfacing the road
Where	West Street (SH1) and Walnut Ave
When	Monday 21 March - Friday 25 March

What are we doing?

From Monday 21 March for about five days, we will be laying the asphalt top coat on West Street (SH1). This work will be done during the day from 7am - 7pm. This work needs dry and warm conditions so poor conditions may affect these dates.

Traffic Impacts

Two way traffic on West Street (SH1) will be maintained at all times, however traffic lanes will shift location as the works progress.

Walnut Ave West, Queens Drive and the Walnut Ave Rail Crossing will be closed night and day for all five days of this surfacing work. The temporary roundabout will be removed while we do this work.

Detours will be in place, please follow the signs. Our friendly staff on site can also assist with any queries. Footpath access around our work site will be maintained. A 30kph speed limit will be in place so we can keep our workers and the public safe.

Examples of pavement being laid.
