Streets for People - Letter of Support

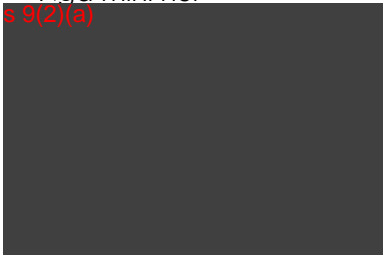

Te Kaunihera o Te Tairāwhiti Gisborne District Council wish to submit Expressions of Interest to the Streets for People programme with myself, Director of Lifelines, as Project Sponsor.

Funding through Streets for People will enable acceleration of traffic calming, school pedestrian upgrades, and walking and cycling network upgrades.

There is a strong desire to change Tairāwhiti transport modes and community behaviours, but as one of the lowest decile Territorial Authorities, we are hindered by budget constraints to enable rapid transport network changes.

We welcome the opportunity to work alongside Waka Kotahi with the Streets for People programme.

Ngā mihi nui
