

OIA-15832 - [REDACTED]

Report date: 22 July 2024

Data extract date: 22 July 2024

Request: *Are we able to get statistics for pass rates for practical driver licensing tests for Taumarunui, Te Awamutu and Hamilton sites please. Can we also get any data analysis on failure reasons and any other information age/gender/ethnicity that is available related to those sitting thank you*

Requestor: [REDACTED]

Source database: Driver Licence Register (DLR)

Created by: Data Services

Peer reviewed by: Data Services

Caveats:

- The information was extracted from the Driver Licence Register (DLR) and is current as at 21 July 2024.
- The data is limited to the following tests sat at test sites in Hamilton, Taumarunui and Te Awamutu between 1 July 2022 and 30 June 2024 (inclusive):
 - Class 1 (Motor Cars and Light Motor Vehicles) restricted licence test.
 - Class 1 (Motor Cars and Light Motor Vehicles) full licence test.
- Sat tests refer to tests resulted as Pass, Fail or Terminated. Tests resulted as Terminated have been grouped with Fail for reporting purposes.
- The data is limited to tests sat as part of any application type including the Graduated Driver Licensing System (GDLS), overseas conversion, a requalification application and an endorsement application.
- The data excludes tests sat as part of a cancelled application.
- If an applicant passes the restricted licence practical test in an automatic vehicle, an "I" condition (only vehicle with automatic transmission to be used), is added to the licence. In order for a restricted licence holder to have the "I" condition removed from their licence, the licence holder is required to re-sit and pass the restricted licence practical test in a manual vehicle. The data includes applicants re-sitting their restricted licence test in a manual vehicle to have the "I" condition removed from their licence.
- Test volumes and pass rates are determined by the number of tests sat, not the number of individuals who sat a test.
- The age of an applicant is calculated from the date the test was sat and from their entered date of birth recorded on DLR as at 21 July 2024.
- The gender of an applicant is as recorded on DLR as at 21 July 2024. Gender options available for selection from DLR are Female, GenderDiverse and Male.
- To protect the privacy of applicants, the following groupings have been applied as less than four individuals were resulted a test as pass, fail or terminated:
 - the gender type of GenderDiverse has been grouped with Female.

- age groups "35-44 years" and "45 and over" have been combined as "35 and over" for restricted tests sat by female applicants at test sites in Taumarunui and Te Awamutu between 1 July 2023 and 30 June 2024 (inclusive).
- Test sites in Hamilton, Taumarunui and Te Awamutu have been determined by the physical town or suburb recorded against the test site as at 21 July 2024.
- Address fields are free text and may contain errors which leads to incorrect coding.
- Where a test site is not recorded against a sat test on DLR, the identification number of the outlet resulting the test is recorded instead. Therefore, some of the data provided are based on the outlet resulting the test, and not where the test was sat.
- Information on Class 1 licence tests can be found here: <https://www.nzta.govt.nz/driver-licences/getting-a-licence/licences-by-vehicle-type/cars/>
