

Clean Car Discount - Rebate Data

Caveats:

- Data has been extracted from NZ Transport Agency Waka Kotahi (NZTA) Motor Vehicle Register (MVR) - Waka Kotahi Qlik apps.
- Data can only be reported on vehicles that have ever been entered in the MVR. Imports for private use would not be recorded.
- Data includes both the Clean Car Immediate Rebate scheme (July 2021 to March 2022) and the Clean Car Discount scheme (April 2022 to December 2023)
- "Registered", in relation to a vehicle, means registered under Part 17 of the Land Transport Act 1998, and consequently a vehicle will have plates issued to it. The registration plate number has not been provided for privacy reasons.
- Data is limited to vehicles with a Gross Vehicle Mass (GVM) of 3500kg or less.
- Results are limited to a Rebate Application received and paid during the period from 1 July 2021 to 31 January 2024.

Released under the Official Information Act 1982

Rebate Summary

A. Clean Car Immediate Rebate (July 2021 - March 2022)

- In the period July 2021 - March 2022, rebate values were defined by the motive power and import status of vehicles.
- Rebates were only available for Electric or Plug in Hybrid vehicles. The table for the period July 2021-March 2022 outlines the different rebate values applied.

B. Clean Car Discount (April 2022 - December 2023)

- In the period April 2022 to June 2023, the rebate was extended to all light vehicles with a CO2 g/km rating of 146 or lower.
- The value was determined based off the import status of the vehicle and CO2 rating as summarised in the table for the period April 2022-June 2023.
- In the period July 2023 to December 2023, the rebate was reduced to only include vehicles with a CO2 g/km rating of 100 or lower.
- The value was determined based off the import status of the vehicle and CO2 rating as summarised in the table for the period July 2023-December 2023.
- In this period, disability vehicles had a separate rebate criteria as outlined in the table for the period July 2023-December 2023 (Disability vehicles)
- Disability vehicles were able to apply for a rebate if the motive power of the vehicle was Electric or Plug in Hybrid.
