

MIN-3926 Minister's follow up questions on BRI-2528

9 August 2022

Upon signing BRI-2528 Update on the Waka Kotahi Climate Emergency Response Fund (CERF) 22 - Funded Work Programme, Minister Wood, the Minister of Transport has raised further questions to be addressed.

Waka Kotahi NZ Transport Agency's response:

s 9(2)(f)(iv)

Released under the Official Information Act 1982

- **Para 22 - Are the walk & cycle plans a part of the national VKT plan delivered by June 23?**

Yes, the national walking and cycling plans will be part of the Waka Kotahi national Vehicle Kilometres Travelled (VKT) reduction plan. We are hoping to publish the national cycling plan within the next few months. The publication for the national walking plan is still to be determined.

- **Para 32 - estimated timing around fleet transition plan?**

We are still in the process of engaging a contractor to scope the work. Until scoping work is completed, and funding is approved, we are unable to provide detailed estimated timing on the fleet transition plan.
