

Christchurch Northern Corridor

February 2017

SERVICES RELOCATION MAIN NORTH ROAD/CHANEYS ON-RAMP

During the build of the new Christchurch Northern Corridor we will have to relocate services otherwise they will be in the way of the new motorway.

For our service relocation work on Main North Road near the Chaney's on-ramp, we will need to close the Main North Road eastbound lane and the entry on the west side of Chaney's: you cannot turn left onto the on-ramp.

From **Monday 20 February** there will be no access onto Marshland Road and the Chaney's on-ramp from Main North Road when heading east from the Main North Road/Dickey's Road intersection. This work will take around seven weeks to complete.

Construction Impact

Work starts on Monday 20 February 2017 and will be completed before Easter.

We will be excavating and this will create some dust and noise.

TRAFFIC IMPACT

From Monday 20 February there is no access to Marshland Road and Chaney's on-ramp from Main North Road for traffic heading east.

People wanting to enter the Northern Motorway should do so from Dickey's Road/Main North Road intersection.

Please adhere to the changed traffic condition and plan an alternate route.

You can still travel west on Main North Road from Marshland Road and you can still turn right onto the on-ramp.

A trench showing underground services. We will have to relocate the power and telecommunication cables.

For more information about the project or any questions for the CNC Alliance team, please get in touch with us.
