

Christchurch Northern Corridor QEII Drive east

PROJECT UPDATE

14 NOVEMBER 2019

NIGHT WORK INNES ROAD ROUNDABOUT

The Christchurch Northern Corridor (CNC) Alliance team is continuing the work at the Innes Road roundabout on QEII Drive. From **Sunday night 17 November** for about a month, we will be installing drainage channels and new kerbs on the east side of the island. We will also be working on the traffic islands to landscape these areas.

Night work is planned for each night from Sunday to Thursday for about a month. Nearby residents will hear the noise from the machinery and the crew working at night.

We have upgraded the eastbound lanes near and on the roundabout and we are ready to move the QEII Drive traffic over to these new lanes so we can work on the westbound lanes on and near the roundabout.

TRAFFIC IMPACT

During the night works the eastbound roundabout lane will be closed. QEII Drive eastbound traffic can drive straight through on the slip lane but cannot turn right

at the roundabout to go to Innes Road. A diversion will be in place via Marshland Road, Briggs Road and Hills Road.

During the day straight through traffic on QEII Drive eastbound cannot use the slip lane outside peak hours. During afternoon peak, from 3pm to 7pm, and from late November, traffic can use the eastbound slip lane as well at the eastbound roundabout lane as normal.

Around early December westbound traffic on QEII Drive will move over to the new lanes west of the roundabout so we can upgrade the westbound traffic lane near the roundabout.

HILLS ROAD RE-OPENING

To complete the two lanes and the roundabout upgrade on QEII Drive east we had to close the Hills Road intersection (left in and out) on QEII Drive. We ran into technical problems with the foam bitumen machinery and the chip sealing work had to be rescheduled. This has delayed the re-opening of Hills Road as well.

We hope to have Hills Road open by early December.

REDUCED
COMMUTER

SUPPORT
ECONOMIC
GROWTH

TWO WAY TRAFFIC ON QEII DRIVE NEAR THE INNES ROAD ROUNDABOUT WILL BE MOVED ONTO THE NEW EASTBOUND LANES SO WE CAN WORK ON THE REMAINING WESTBOUND LANES TO UPGRADE.

DIVERSION RIGHT TURN INNES

During the night works QEII Drive eastbound traffic cannot turn right at the roundabout to go to Innes Road. A diversion will be in place via Marshland Road, Briggs Road and Hills Road.

WHAT YOU NEED TO KNOW

- › Our standard construction work hours are Monday to Saturday between 7am and 7pm.
- › There will be increased noise and vibrations associated with most of the construction work. We will do what we can to minimise this.
- › Keep yourself and your children, as well as pets, at a safe distance from the work site. Please stay behind the construction fences at all times.
- › All work sites are subject to weather and other unforeseen conditions. Some jobs will finish early while others may be delayed or rescheduled.

You can call us on 0800 262 200 or email us at info@cncalliance.co.nz or visit our office at 145 Winters Road, accessed from QEII Drive, left in and out only.
