

# Christchurch Northern Corridor

2 December 2020

## QEII DRIVE AND GRIMSEYS ROAD INTERSECTION CLOSED FOR ONE DAY

To complete the work on the median and the surface work at Grimseys Road/QEII Drive, we will have to close the intersection for one day on **Wednesday 9 December**.

As this work is weather dependent it could take another day, Thursday 10 December.

### Traffic Impact

During Wednesday 9 December the intersection on Grimseys Road with QEII Drive will be closed. During the closure there is no left turn from QEII Drive in or out from Grimseys Road. Diversions via Hills Road, Prestons Road, Main North Road and Daniels Road will be in place.

### Construction Impact

The work is happening between 9am and 4pm. We are chip sealing part of road surface on the east end and working on the median and finalising the landscaping in this area. Please note that the asphalt will be applied after the chip seal has been in use for a year.

Walk or cycle on the motorway and shared path Saturday 12 December, for more information: [www.nzta.govt.nz/letsride](http://www.nzta.govt.nz/letsride)

For one day the Grimseys Road and QEII Drive intersection will be closed.
