

Christchurch Northern Corridor Prestons Road Bridge

PROJECT UPDATE

10 DECEMBER 2019

PLACING BEAMS FOR THE PRESTONS ROAD BRIDGE

The Christchurch Northern Corridor (CNC) Alliance is ready to place the beams for the Prestons Road bridge, this is the final large lift operation on the project.

The crane, lifting the beams, will be moved from the QEII Drive area over the motorway alignment to the Prestons Road site on Monday 16 December. From Tuesday 17 December for three days we will be placing the beams for the bridge.

We will have a single crane on the south side that will pick up and place the beams. This work will

have no impact on the traffic driving on Prestons Road. After the Prestons Road bridge lifts, the crane will be moved off site. All the structures, bar one, that is the footbridge in the Cranford Basin/ Street area, will then have their beams, or decks on.

Thank you

Thank you again for your understanding and cooperation, we know our work in your street is a disturbance and we appreciate your patience. Work on the bridge upper structure will continue till completion of the motorway by mid 2020.

Styx River bridges

We recently lifted the deck into place for the separate pedestrian bridge over the Styx River(left in the photo). In the background is the Radcliffe Road bridge taking shape.

Prestons Road will pass over the top of the motorway on a bridge. Service lanes will be built for residents on the north side of Prestons Road. There will be no access to the motorway from Prestons Road. Pedestrian and cyclists can connect to the CNC shared use path along the motorway from Prestons Road.

SHARED USE PATH TAKING SHAPE

The project includes an 11km long shared use path. Find out more and watch the animated videos on our project website:

www.nzta.govt.nz/cnc

Other animations are about the QEII Drive interchange, U-turn bays, central medians, Winters Road subway and the Cranford Street roundabout.

You can call us on 0800 262 200 or email us at info@cncalliance.co.nz or visit our office at 145 Winters Road in Mairehau, accessed from QEII Drive only left in and out.
